## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1, 3, 5-20, 22, and 24-35 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The elements of independent claims 1, 5, 20, and 24 were not found through a search of the prior art, nor were they considered obvious by the examiner. In particular, the prior art of record does not teach or suggest:

As in claim 1, "wherein the unit of work that can be parallelized within said application is created in advance on a processor on said second processor group."

As in claim 5, "wherein the unit of work that can be parallelized within said application is created and activated as a new unit of work on a processor on said second processor group."

As in claim 20, "a function of creating the unit of work that can be parallelized within said application in advance on a processor on said second processor group."

As in claim 24, "a function of creating and activating the unit of work that can be parallelized within said application as a new unit of work on a processor on said second processor group."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

Art Unit: 2113

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
